**RE: DECLARATION OF EXEMPTED DEVELOPMENT UNDER SECTION 5 OF THE
PLANNING & DEVELOPMENT ACT 2000 - 2010.**

Dear Madam,

On the basis of the information submitted by you on 15th March and 30th April, 2024 the Planning Authority, having considered whether the proposed construction of a new 128.5 sq.m sheep house at **Carriganimmy, Carriganimma, Macroom, Co. Cork** is or is not development or is or is not exempted development, has declared that it is **exempted development**.

Reason for Decision

The Planning Authority in considering this referral, had particular regard to:

- Section 2, Section 3(1) and Section 4(4) of the Planning and Development Act 2000 (as amended),
- Sections 172(1), 176 and 177 of the Planning and Development Act 2000 (as amended),
- Articles 6 & 9 of the Planning and Development Regulations 2001 (as amended)
- Class 6 of Part 3 of Schedule 2 of the Planning & Development Regulations 2001 (as amended),
- The history of the site and
- The plans and particulars received by the Planning Authority on 15th March and 30th April, 2024.

And Whereas the Planning Authority hereby decides that

The proposed construction of a new 128.5 sq.m sheep house at **Carriganimmy, Carriganimma, Macroom, Co. Cork** constitutes **development and is exempted development** providing the following is adhered to;

- The sheep house is constructed in compliance with the Department of Agriculture, Food and the Marine specification S.146: Minimum Specification for Wintering Facilities for Sheep.
- An inspection chamber is constructed on all surface water drains leaving the farmyard.

This exemption does NOT itself empower a person to carry out a development unless that person is legally entitled to do so.

Please note that under Section 5 Subsection 3(a) where a declaration is issued under this section, any person issued with a declaration under subsection 2(a) may, on payment to the Board of such fee as may be prescribed, refer a declaration for review by the Board within 4 weeks of the date of the issuing of the declaration.

Yours faithfully,

**KEVIN O'REGAN,
SENIOR EXECUTIVE OFFICER,
PLANNING DEPARTMENT.**

In order to process your query, it may be necessary for Cork County Council to collect Personal information from you. Such information will be processed in line with our privacy statement which is available to view at <https://www.corkcoco.ie/privacy-statement-cork-county-council>

Declaration of Exempted Development under Section 5 of the Planning and Development Act 2000

<i>Ref No.</i>	D/218/24
<i>Applicant</i>	Elizabeth Ring
<i>Description</i>	Construction of a sheep house/shed
<i>Location</i>	Carriganimmy, Carriganimma, Co. Cork

Further information was received on 30th April 2024.

The applicant has submitted proposals for effluent storage facilities. It is proposed to install a 11,000L concrete effluent storage tank to collect any potential seepage from the straw bedded sheep shed. Plans of the shed showing the effluent storage tank have been submitted along with a letter from Teagasc.

The Environment Office has considered the proposals and has no objections to the proposed development, subject to conditions.

The applicant has responded to the request for further information to the satisfaction of the planning authority.

Conclusion

On the basis of the information submitted and having regard to Class 6 of Part 3 of Schedule 2 of the Planning & Development Regulations, 2001, as amended it is considered that the proposed works are development which constitute exempted development, providing the following is adhered to;

- The Applicant should be required to construct the proposed sheep shed in compliance with Dept. of Agriculture, Food and the Marine specification S.146: Minimum Specification for Wintering Facilities for Sheep.
- An inspection chamber should be constructed on all surface water drains leaving the farmyard.

**Re – Declaration of Exemption for Agrigricultural Building at Carriganimmy,
Carrianimma, Macroom, Co. Cork - Ref No. D/218/24**

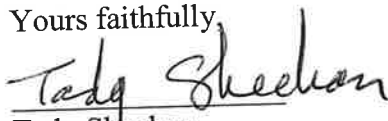

To whom it may concern,

In response to your letter dated 11th April 2024 regarding Effluent storage facilities, Elizabeth Ring wishes to inform you that a 11,000L Concrete Effluent Storage Tank will be installed to collect any potential seepage from the staw bedded sheep Shed.

Please find enclosed revised plans of Shed showing Effluent Storage Tank, Details of Concrete Effluent Tank and Letter from Teagasc.

Hoping this is to your satisfaction.

Yours faithfully

Tadg Sheehan

Co Cork

LARGE STORAGE TANKS

General notes on our large tanks:

Tanks can be provided with watertight seals for pipe entry into our precast tanks, these seals can be placed in any location in the tank to suit the customer's specification.

The tank can be placed with a truck mounted crane provided adequate access is available.

RE: DECLARATION OF EXEMPTED DEVELOPMENT UNDER SECTION 5 OF THE PLANNING & DEVELOPMENT ACT 2000 - 2010.

Dear Madam,

I refer to your application for a Declaration of Exemption in relation to the above. The Planning Authority has concluded that it is unclear from the documentation submitted how compliance with the limitation number 3 as set out below is to be achieved. In order for the Planning Authority to make a determination kindly submit this information. Any proposed construction must comply with the Department of Agriculture, Fisheries and Marine specifications S146: Wintering of facilities for sheep.

Class 6 of Part 3 of Schedule 2

CLASS 6	
Works consisting of the provision of a roofed structure for the housing of cattle, sheep, goats, donkeys, horses, deer or rabbits, having a gross floor space not exceeding 200 square metres (whether or not by extension of an existing structure), and any ancillary provision for effluent storage.	3. Effluent storage facilities adequate to serve the structure having regard to its size, use and location shall be constructed in line with Department of Agriculture, Food and Rural Development and Department of the Environment and Local Government requirements and shall have regard to the need to avoid water pollution.

Yours faithfully,

Eveleen Crowley
Clerical Officer
Planning Department

In order to process your query, it may be necessary for Cork County Council to collect Personal information from you. Such information will be processed in line with our privacy statement which is available to view at <https://www.corkcoco.ie/privacy-statement-cork-county-council>

We are Cork.

Recycled

D/218/24

I spoke to Carol Stack about this application for a Section 5 Declaration and further information is to be requested. This is due to the limitation under Class 6(3) limitation in relation to effluent storage facilities.

Please use standard wording for FI letter and incorporate the following:

It is unclear from the documentation submitted how compliance with the limitation as set out below is to be achieved. In order for the Planning authority to make a determination kindly submit this information. Any proposed construction must comply with the Department of Agriculture, Fisheries and Marine specification S146: Wintering of Facilities for Sheep.

Senior Executive Officer

11/4/2024

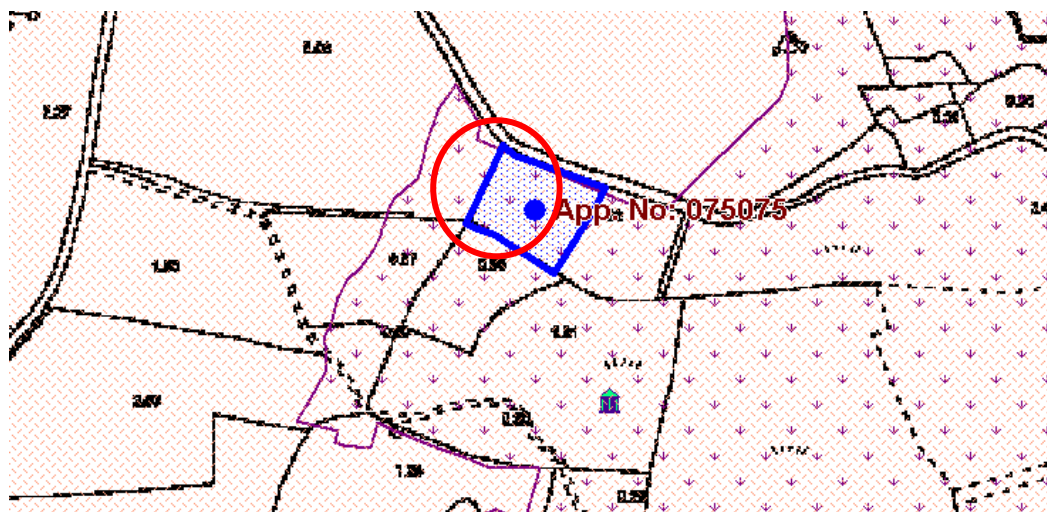

Declaration of Exempted Development under Section 5 of the Planning and Development Act 2000

<i>Ref No.</i>	D/218/24
<i>Applicant</i>	Elizabeth Ring
<i>Description</i>	Construction of a sheep house/shed
<i>Location</i>	Carriganimmy, Carriganimma, Co. Cork

Question

Whether the construction of a new 128.56sq.m sheep house is exempted development.

Site location

Approx. location outlined in red

The site is located within the 'Rural Area Under Strong Urban Influence' as set out in the Cork County Development Plan, 2022.

The site is also located entirely within Mullaghanish to Musheramore SPA.

It appears that the site is a stand-alone site, with no other farm buildings on the landholding. No landholding details have been submitted.

Planning History

07/7075

Planning permission was previously granted on the site for the construction of a straw bedded sheep shed and sheep handling facilities to include dipping tank for Elizabeth Ring.

Relevant Legislative Context

Planning and Development Act, 2000

Section 2 of the Planning and Development 2000 defines the terms used within the Act and the following terms are relevant for the purposes of this referral.

“Works” - include any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal.

“Agriculture” includes – Horticulture, fruit growing, seed growing, dairy farming, the breeding and keeping of livestock, the training of horses and the rearing of bloodstock, the use of land as grazing land, meadow land, osier land, market gardens and nursery grounds, and “agriculture” shall be construed accordingly

“Structure” means any building, structure, excavation, or other thing constructed or made on, in or under any land, or any part of a structure so defined, and – (a) Where the context so admits, includes the land on, in or under which the structure is situate,”

Section 3 (1) defines ‘development’ as;

(i) In this Act, ‘development’ means, except where the context otherwise requires, the carrying out of any works on, in, over or under land or the making of any material change in the use of any structures or other land.

Section 4 sets out development which is deemed to be exempted development.

Section 4(4) states:

“Notwithstanding paragraphs (a), (i), (ia) and (l) of subsection (1) and any regulations under subsection (2), development shall not be exempted development if an environmental impact assessment or an appropriate assessment of the development is required.”

Sections 176, 177 of the Planning and Development Act 2000, as amended are also noted.

Section 172 (1) of the Act is noted.

Planning and Development Regulations 2001 (as amended)

Article 6(1) states that subject to Article 9, development of a class specified in Column 1 of Part 1 of Schedule 2 shall be exempted development for the purposes of the Act provided that such development complies with conditions and limitations specified in Column 2 of said Part 1 opposite the mention of that class in said Column 1.

Article 9 (1) concerns development to which Article 6 relates and shall not be exempted development for the purposes of the Act-

(a) If the carrying out of such development would –

(viiB) comprise development in relation to which a planning authority or An Bord Pleanála is the competent authority in relation to appropriate assessment and the development would require an appropriate assessment because it would be likely to have a significant effect on the integrity of a European site,

Class 6 of Part 3 of Schedule 2

CLASS 6	
<p>Works consisting of the provision of a roofed structure for the housing of cattle, sheep, goats, donkeys, horses, deer or rabbits, having a gross floor space not exceeding 200 square metres (whether or not by extension of an existing structure), and any ancillary provision for effluent storage.</p>	<ol style="list-style-type: none"> 1. No such structure shall be used for any purpose other than the purpose of agriculture. 2. The gross floor space of such structure together with any other such structures situated within the same farmyard complex or within 100 metres of that complex shall not exceed 300 square metres gross floor space in aggregate. 3. Effluent storage facilities adequate to serve the structure having regard to its size, use and location shall be constructed in line with Department of Agriculture, Food and Rural Development and Department of the Environment and Local Government requirements and shall have regard to the need to avoid water pollution. 4. No such structure shall be situated, and no effluent from such structure shall be stored, within 10 metres of any public road. 5. No such structure within 100 metres of any public road shall exceed 8 metres in height. 6. No such structure shall be situated, and no effluent from such structure shall be stored, within 100 metres of any house (other than the house of the person providing the structure) or other residential building or school, hospital, church or building used for public assembly, save with the consent in writing of the owner and, as may be

	<p>appropriate, the occupier or person in charge thereof.</p> <p>7. No unpainted metal sheeting shall be used for roofing or on the external finish of the structure.</p>
--	---

The proposed development involves

- A new sheep shed

The proposed shed will be used to house sheep. The shed has a floor area of 128.56sq.m which brings it below the 200sq.m threshold. There are no other farm buildings within 100m of the proposed development. The shed is greater than 10m in distance from a public road. The shed has a ridge height of 5.74m. The shed will not be within 100m of any house and the shed will be clad with a painted corrugated sheeting.

The proposed development is in accordance with the conditions and limitations set out under class 6 above.

The next step is to consider Section 4(4) of the Act which effectively de-exempts any development which attracts a requirement for Environmental Impact assessment (EIA) or Appropriate Assessment (AA).

Environmental Impact Assessment

There is no class of development referenced within the relevant Part of Schedule 5 which would trigger the requirement for EIA.

Appropriate Assessment (AA)

The applicant has not included any AA screening report or NIS with the application.

The Ecology section has considered the proposal and note the following;

Given its scale and location, they are satisfied that the proposed development will not give rise to significant adverse effects on the integrity of the Mullaghanish to Musheramore Mountains SPA. As such, it is considered that Appropriate Assessment is not required.

Article 9 Restrictions Assessment

Development to which Article 6 of the Planning and Development Regulations 2001 (as amended) relates shall not be exempted development for the purposes of the Act should any Article 9 restrictions apply.

The Ecology office has reviewed the proposal having regard to the Article 9(1)(a)(vii), (viiB) and (viiC) which include ecological related restrictions on Article 6 exemptions (see attached ecology report for greater detail).

It is concluded that having regard to the proposal as presented, The Ecology office is satisfied that the proposal is not likely to have a significant effect on the integrity of a European Site and therefore a Stage 2 Appropriate Assessment is not required, and it will not have a significant effect on any features or other objects of ecological interest.

The Environment Office has considered the proposal and notes no concerns subject to the development being constructed in accordance with Dept of Agriculture, Fisheries and the Marine specification S146: Wintering Facilities for Sheep. This includes the provision of a suitably sized effluent tank for the collection and storage of farm effluents generated in the shed.

Conclusion

On the basis of the information submitted and having regard to Class 6 of Part 3 of Schedule 2 of the Planning & Development Regulations, 2001, as amended it is considered that the proposed works are development which constitute exempted development.

Carol Stack

Carol Stack,
Area planner.
10/4/24

Ecology Report

Ref. D/218/24 Ag Development – Carriganimma, Macroom

Description of Development & Context

The subject Section 5 Declaration application has been referred to this department to confirm whether any ecological related restrictions on exemptions are relevant in this case. This report should be read in conjunction with the application material received. This section 5 declaration application queries whether the construction of a sheep house/shed at Carriganimmy, Carriganimma, Macroom, is exempt from planning permission.

Figure 1: Site Location

Natura 2000 sites

There are seven Natura 2000 sites within 15km of the proposed development. Six of which, namely *Killarney National Park*, *Macgillycuddy's Reeks and Caragh River Catchment SAC*, *Blackwater River (Cork/Waterford) SAC*, *Mullaghanish Bog SAC*, *St. Gobnet's Wood SAC*, *The Gearagh SPA* and *The Gearagh SAC*, have no source-receptor pathway from the proposed development and are deemed as to be affected by any development in the proposed site, due to the distance and absence of the ecological or hydrological connections.

The development proposed development is entirely within the **Mullaghanish to Musheramore Mountains SPA (site code: 4162)**.

Natural Heritage Areas/proposed Natural Heritage Areas

There is one NHA within 15km of the proposed development, *Boggeragh Mountains NHA*, approximately 8.4km to the northeast. There are six pNHAs within 15km of the proposed plantation, namely *Killarney National Park*, *Macgillycuddy's Reeks and Caragh River Catchment pNHA*, *Mullaghanish Bog pNHA*, *St. Gobnet's Wood SAC*, *Prohus Wood pNHA*, *The Gearagh pNHA* and *Lough Gal pNHA*. Given the distance and

absence of hydrological or ecological connections, I am satisfied that the proposed development will not give rise to negative impacts to the NHA or pNHAs.

Assessment

The primary concern with this application from an ecological perspective is whether works proposed at this location will have negative impacts to nearby sites designated for nature conservation.

The proposed development is within the Mullaghanish to Musheramore Mountains SPA. Therefore, there is potential that the proposal led to

- cause disturbance to the species for which the SPA is designated for and
- reduce the foraging and nesting habitat available for the species for which the SPA is designated for.

Disturbance – given the existing agricultural activity in the surrounding area and absence of suitable nesting habitat proximal to the proposed site, I am satisfied that significant disturbance related impacts are unlikely to occur during the construction or operational stages of the development.

Foraging and Nesting – Upon viewing aerial imagery, the proposed site does not support suitable nesting habitat for hen harriers. I am satisfied that given the abundance of suitable habitat in the area and the scale of the development, foraging opportunities for hen harrier will not be significantly reduced.

Screening Assessment

Given its scale and location outside of the SPA, I am satisfied that the proposed development will not give rise to significant adverse effects on the integrity of the Mullaghanish to Musheramore Mountains SPA. As such, I consider that Appropriate Assessment is not required.

Article 9 Restrictions Assessment

Development to which Article 6 of the Planning and Development Regulations 2001 (as amended) relates shall not be exempted development for the purposes of the Act should any Article 9 restrictions apply.

I have reviewed the proposal having regard to the Article 9(1)(a)(vii), (viiB) and (viiC) which include ecological related restrictions on Article 6 exemptions as detailed in columns 1 and 2 of **Table 2** below. I include my conclusion in relation to this assessment in column 3 of **Table 2** below.

Table 2: Article 9 Restrictions Assessment (Ecological Related)

Relevant Provisions	Detailed Provisions	Conclusion of Assessment
Article 9 (1)(a)(vii)	consist of or comprise the excavation, alteration or demolition (other than peat extraction) of places, caves, sites, features or other objects of archaeological, geological, historical, scientific or ecological interest, the preservation, conservation or protection of which is an objective of a development plan or local area plan for the area in which the development is proposed or, pending the variation of a development plan or local area plan, or the making of a new development plan or local area plan, in the draft variation of the development plan or the local area plan or the draft development plan or draft local area plan,	I am satisfied that the proposal as presented will not have a significant effect on any features or other objects of ecological interest in respect of this Article 9 restriction on exemption.

Article 9 (1)(a)(viiB)	comprise development in relation to which a planning authority or An Bord Pleanála is the competent authority in relation to appropriate assessment and the development would require an appropriate assessment because it would be likely to have a significant effect on the integrity of a European site,	I am satisfied that the proposed development is not likely to have a significant effect on the integrity of a European Site and therefore a Stage 2 Appropriate Assessment is not required in relation to the development.
Article 9 (1)(a)(viiC)	consist of or comprise development which would be likely to have an adverse impact on an area designated as a natural heritage area by order made under section 18 of the Wildlife (Amendment) Act 2000.	I am satisfied that the proposal will not have an adverse impact on a natural heritage area.

Conclusion

Having regard to the proposal as presented, I am satisfied that the proposal is not likely to have a significant effect on the integrity of a European Site and therefore a Stage 2 Appropriate Assessment is not required and it will not have a significant effect on any features or other objects of ecological interest.

ADVISORY NOTES:

The application must be accompanied by the required fee of €80
 The application must be accompanied by a site location map which is based on the Ordnance Survey map for the area, is a scale not less than 1:1000 and it shall clearly identify the site in question.
 Sufficient information should be submitted to enable the Planning Authority to make a decision. If applicable, any plans submitted should be to scale and based on an accurate survey of the lands/structure in question.
 The application should be sent to the following address:
 The Planning Department, Cork County Council, Floor 2, Co. Hall, Carrigrohane Road, Cork, T12 R2NC; or for applications related to the Western Division, The Planning Department, Cork County Council, Norton House, Cork Road, Skibbereen, Co. Cork, P81 AT28.

- The Planning Authority may require further information to be submitted to enable the authority to issue a decision on the Declaration of Exemption application.
- The Planning Authority may request other person(s), other than the applicant; to submit information on the question which has arisen and on which the Declaration of Exemption is sought.
- Any person issued with a Declaration of Exemption may on payment to An Bord Pleanála refer a Declaration of Exemption for review by the Board within 4 weeks of the date of the issuing of the Declaration of Exemption decision.
- In the event that no Declaration of Exemption is issued by the Planning Authority, any person who made a request may on payment to the Board of such a fee as may be prescribed, refer the question for decision to the Board within 4 weeks of the date that a Declaration of Exemption was due to be issued by the Planning Authority.

The application form and advisory notes are non-statutory documents prepared by Cork County Council for the purpose of advising the type of information which is normally required to enable the Planning Authority to issue a Declaration of Exemption under Section 5. This document does not purport to be a legal interpretation of the statutory legislation nor does it state to be a legal requirement under the Planning and Development Act 2000 as amended, or Planning and Development Regulations, 2001, as amended.

9. **I hereby declare that, to the best of my knowledge and belief, the information given in this form is correct, accurate and fully compliant with the Planning and Development Acts 2000, as amended and the Regulations made thereunder:**
