Scenic Routes

Welcome to the Cork County Development Plan Map Browser

Welcome to the CDP Map Browser, a free and easy to use public information system displaying the detailed maps in the Development Plan for County Cork. The map browser incorporates many different sets of spatial information and is innovative in its ability to overlay and analyse the data in a web browser environment.

The aim of the Map Browser is to give the public access to large scale detailed development plan policy map versions of all the key small scale policy maps contained in the Development Plan, Volume 1 “Main Policy Material” and also provide information on the important heritage and environmental features listed in Volume 2 “Heritage and Amenity”. This allows the public to be better informed about the policies contained in the plan and how they affect the county.

How to use the Map Browser

The Map Browser contains a link to a number of help videos which provide guidance on the different features of the browser.

Disclaimer

County Development Plan Information displayed on the maps is current as of 8th December 2014. If you have any queries on the content of the maps please contact the Planning Policy Unit of Cork County Council. Tel 021-4285900.
