8. CLLR. GOBNAIT MOYNIHAN

"Ask Cork County Council to discuss their plans, in the new Deposit Return Scheme."

[09/02/2024]

9. CLLR. JOE CARROLL

"That this council would write to Transport Infrastructure Ireland requesting them to review its policy on planning in relation to National Routes. As it is now the situation where all land holdings on the National Routes are effectively sterilised in terms of planning. Their policy is creating great hardship for families all over the country, as sons and daughters of landowners are denied access on to these roads. And they are also not allowed to exit via their parents existing entrance."

[11/02/2024]

10. CLLR. MICHAEL HEGARTY

“That we request the minister for housing and local government to sanction/sign the order for the Revaluation by the Valuation office of Business and Commercial Properties in County Cork ASAP.”

[12/02/2024]

11. CLLR. IAN DOYLE

“That Cork County Council would give an update on the current position as regards the use of existing CCTV cameras in our towns and the possible extensions of same to other towns”.

[15/02/2024]

12. CLLR. LIAM QUAIDE

“That Cork Co. Council would call on the three party leaders in government to establish a separate agency to lead and co-ordinate on all aspects of flood management, given the scale and complexity and enduring nature of these challenges nationally. This agency would oversee co-ordination between all relevant entities, including local authorities, the OPW, the Dept. of Environment, Inland Fisheries Ireland, Irish Water, Coillte and the Dept. of Agriculture, addressing funding and regulatory snags that arise with flood works more efficiently, and working on land use changes in some areas of flood risk. The agency would also provide a 'one-stop shop' service for residents and business owners on such issues as financial supports, individual property protection and managed retreat.”
