Photocopiable Resources:

Did You Know That?

**BRUNDALL
JOHN**

This photocopiable resource contains hundreds of quiz questions to challenge students. It encourages them to use a range of research skills, reference tools including encyclopaedias, dictionaries, atlases and internet search engines to source answers to the quiz sheets.

Managing Anxiety at School

**CARTER
FRANCES A.**

This book contains a series of 18 topics that can be used to support students in developing a repertoire of responses for managing feelings of anxiety and fear before they get out of control.

Awesome Atlas Activities

**CILAS
SYLVIA**

This photocopiable resource book provides high interest challenges, quizzes and puzzles that support students in using an atlas, and other sources of geography-based information such as non-fiction books and the internet. Activities focus on mapping concepts and skills, and researching information on continents, countries, capital cities, physical features, and much more.

Positively Me!

**CLANCY
MARGUERITE**

Positively Me! has been developed as support material for teachers who are working with children aged 6-8 on improving self-esteem and motivation, developing health self-esteem and the need to feel happy and relaxed in order to learn.

**CLUTTERBUCK
PETER**

Peter Clutterbuck is the author of over 100 successful student and teacher resource books for primary and secondary school. His many years of classroom experience ensure that his texts meet the needs of students, parents and teachers. Peter has written many best-selling English resources for primary schools, including Blake's English Guide, the culmination of his years of experience teaching English; its grammar, punctuation and usage. We have a large number of Peter Clutterbuck books available.

**The Ultimate Times
Table Book**

**COTTRELL
ROB**

This book is a "one-stop-shop" of effective hands-on activities, memory games, simple tricks, fun quizzes and teacher ideas for learning and teaching the times tables. It provides teachers with activities and ideas that will work for all learning styles. Activities have been successfully trialled by the author with a range of children. These activities can be used with students right through the school, from those who are just getting to grips with tables, to older students who are having difficulty learning them.

**Finding Your Feet
with Fiction**

**COTTRELL
ROB**

Exercises provide a variety of reading and listening skill development alternatives, using fiction texts.

**Nature, Nature/
Art Manuals
for Primary Schools**

**D'ARCY
GORDON**

Nature is a revolutionary new nature/art manual designed particularly for primary school teachers. It will also appeal to parents interested in conveying an appreciation of the natural world to their children.

**Sensational Spelling
Games**

**DUFFY
CAROL**

This book teaches such vowel sounds through a series of fun and addictive games suitable for a wide range of learning needs.

**Songs and Games
for all Children**

**EVANS
JANET**

This photocopiable book contains traditional and non-traditional songs and rhymes for children. Each song and rhyme in the book is linked to ideas for making visual aids and simple games.

**A Handle on
Homophones**

**FARRELL
GENEVIEVE**

Handle on Homophones has been written to improve pupils' knowledge, comprehension and spelling of a wide range of common homophones (for example, their, they're, there and to, two, too) in the English language.

Bully Off!

**GALEY
PAULA**

Bully Off! is based on current thinking in the area of bullying prevention. It takes an accessible and highly practical approach to ways of working with students on this complex issue.

Keep Cool!

**GALEY
PAULA**

Keep Cool! provides teachers with practical guidance and strategies for helping students to understand what anger is, where it comes from and how to deal with it.

Word Puzzles for Really Busy Teachers and their Students

**GIDDENS
PETER**

Here's a book of language focused crosswords for students that will help to reinforce new words and phrases for a range of topics across the curriculum.

Word Puzzles for Speakers of Other Languages

**GIDDENS
PETER**

Words from common usage and contexts are presented in the form of themed puzzles.

Let's Learn Letters

**GOODCHILD
RACHEL AND
STEPHEN**

This book will support your literacy programme by providing a range of creative and meaningful alphabet activities across a range of learning areas. The ability to recognise and rapidly decode the letters of the alphabet is at the core of developing literacy.

The Junior Reading Toolkit

**GREEN
REBECCA**

This great 80-page photocopiable resource book will support your literacy programme by providing a variety of creative and meaningful reading activities, games and templates for in-class or homework. Skills covered include: general reading; alphabet; blends; rhyming; processing information; punctuation; word endings; and word families.

**Essentially Fit
(Book A and Book B)**

GREEN
SIMON

Essentially Fit - A Guide to Sport & Fitness Skills is a two-book photocopiable series which provides comprehensive ideas and directions for daily fitness activities that can be used throughout the primary school. The series contains step-by-step plans for fitness lessons that also develop small ball skills, large ball skills, oval ball skills, athletic skills and team skills. Fitness lessons contain information on who the lesson is suitable for, equipment requirements, comprehensive 'how to' notes in writing and diagram form, teaching points and suggested modifications and extension ideas.

**Teaching the Arts
in the Junior School
(Book A and B)**

GREEN
REBECCA
AND SIMON

The two books in the Teaching the Arts in the Junior School series contain complete arts units that combine the four disciplines (visual arts, drama, music, dance) using learning and teaching approaches that are suitable for the first years of school.

**Brain Benders
for Beginners**

GRIMMETT
HELEN

The problems and teasers in this resource were designed to enhance children's thinking skills. There are 30 topics each with 3 types of tasks: a) sit and think, b) go and find out, c) make and create. The resource helps children develop skills including: critical and higher level thinking, inquiry process, communication and presentation.

**Brain Benders
Work Sheets**

GRIMMETT
HELEN

These sheets are ideal for language and enrichment.

**Positive Behaviour
Tips**

**HODGSON
PATRICIA**

This photocopiable book contains 75 practical and easy to implement behaviour management strategies that can be used with individual students, small groups or whole classrooms. The book contains these sections: behaviour-specific tips; starting and finishing classes; time issues; working with individuals; working with groups; working with the whole class.

**Art Eyes, Teaching
and Learning about
Visual Arts in the
Primary Classroom
(Books A and B)**

**MACDONALD
ROBINSON
REIHANA**

Art Eyes is a rich and comprehensive visual arts series which focuses on teaching and learning about visual arts in a primary school setting.

**Teaching Health
in the Junior School
(Books A and B)**

**NOBLE
TRISH AND
MCKENDRY
JUDITH**

Teaching Health in the Junior School is a flexible two-book resource series intended for use in the first two years of school. The series is completely practical, with activity ideas for teachers.

**Enigmathics
(Book A and B)**

**O' ROURKE
GABRIELLE**

This excellent two-book photocopiable resource series will help to develop students' co-operative learning and problem-solving skills in measurement, number, geometry, algebra and statistics.

Bully Proof

**QUON
MARG**

This easy-to-use handbook will support teachers to bully proof their classroom. It provides professional development support, direction, practical wisdom and expertise for those teachers who have responsibility for dealing with the complex issue of school bullying.

Finding Your Way with Poetry

**RATHGEN
ELODY**

Finding Your Way with Poetry has been written in two distinct parts. The first part focuses on building students' confidence in the reading of poetry through process-based work. The second part focuses on students writing their own poems.

Implementing Habits of the Mind: A Practical Approach for Classroom Teachers

**RENNIE
ADRIAN**

The author takes the Habits of Mind and sets out practical strategies for implementing them in a school and classroom setting to show how the strategies can be applied.

Finding Your Way around Maps

**ROCHE
NAOMI**

Finding your Way around Maps contains a wealth of fun and challenging activities that will help your students to become expert map readers! If learners don't understand the reason for a title, key, direction indicator or any of the other components of map, it is very hard for them to access information from it. This teaching and learning resource is designed to address that by providing teachers with strategies and activities that support the development of 'map literacy' in their students.

Research Wise

ROCHE
NAOMI

This photocopiable book contains fun and purposeful activities that support and extend the students' inquiry skills. Flexible worksheets will help students to ask their own research questions and seek answers using a clear and defined process.

Incredible Insects

SERENC
MARY

A teacher resource book for the study of insects with photocopiable worksheets; the learning activities in the book provide wide curriculum coverage. The book is divided into separate learning areas, covering Science, English, Maths and The Arts.

**Quirky Quizzes
for Lively Libraries**

SHAW
RON

In two books Quirky Quizzes for Lively Libraries will help students to practise a range of research skills. Each book contains quizzes and puzzles that relate to a variety of learning areas. Students will use a range of reference sources including encyclopaedias, dictionaries, atlases and Internet search engines to find answers to the quiz sheets. Quizzes and puzzles are arranged into mini-units.

**Numbers for Nippers
(Books A and B)**

THOMPSON
JOHN AND
BELWORTHY
LAUREL

The two maths books in this series for the first two years of schooling are based on the idea that children learn maths by using it, talking about it, and relating it to their own experiences.

**Repetition & Rhyme –
Storytelling for Children
under 2 years of Age**

**TOBIAS
BERTHA**

Repetition, Rhyme and Rhythm shows by telling a story, through the oral tradition, you are giving children the gift of your attention. The use of rich language allows children to develop imagination. This resource assists the practitioner to create an environment of story in which the well being of the baby is paramount thus giving a sense of belonging. Infants brains develop rapidly during the first 24 months. Exposure to rhymes, movement, music, language and books create pathways in the brain that assist future development.

**Tales with a Tip,
Stories That
Make a Point
(Books A and B)**

**WEBB
DAVID**

Stories that Make a Point Tales with a Tip is a resource series which supports teaching and learning about personal attitudes, values, and relationships with other people.
