[22/09/19]

9. COUNCILLOR PADRAIG O’SULLIVAN

“That the Director of Planning provide direction on how Cork County Council Planners/Engineers consider applications where waste water bio cycle units are proposed as part of a development which, due to site constraints, do not fully meet EPA standards but nonetheless significantly improve existing waste water facilities on site. In general, this issue arises in cases of large extensions or demolition and rebuild proposals.”

[23/09/19]

10. COUNCILLOR HOLLY CAIRNS

“Concerning the furnishing of documents to the elected representatives by management in advance of meetings.

Recognising :

1. The established practice is for the elected representatives to receive Notification of a Meeting, Agenda and supporting documents (together, the documents) in the post from management in advance of meetings one day before each meeting or on the day of the meeting.

2. The time available for reading the documents is too short.

It is resolved that:

In order to give the elected representatives the necessary time to read the documents and understand their content and meaning for the purpose of making informed decisions in pursuance of their mandate and statutory functions, management shall immediately take such steps as are necessary to ensure that the elected representatives receive the documents not less than 3 clear days before any such meeting as is provided for in Schedule 10 of the Local Government Act, 2001 and Paragraph 9 of Council Standing Orders made on 11th July, 2016.”

“In advance of the next European Council meeting on October 17th, the last EU summit planned before Brexit, in an effort to highlight the dangers posed to citizens rights, the all island economy, the agricultural sector among others, we call on Cork County Council to light up Council buildings in Yellow and Black on October 16th in support of Border Communities Against Brexit.”

14. COUNCILLOR BEN DALTON O’SULLIVAN

Carers save the state 10 billion euro each year* by providing care for their loved ones in the home, and the state should aim to provide better supports and care for the Carer in the home.”
