Re: Cllr. Frank O' Flynn - Notice of Motion 7(1)

Deputation from Fermoy Residents with reference to maintenance of Old Kilcrumper Cemetery.

Cllr. O' Flynn introduced Mr. Jerry Keating and Mr. Oliver Lillis, comprising this deputation. Mr. Keating addressed the meeting, stating how appalled he is at the neglect of Kilcrumper Old Cemetery. He said that this burial ground could be the 'Glasnevin' of county Cork, having the Republican grave, the (ruins of the) Church and being the burial place of many notable citizens. He said that about sixty percent of those buried in this cemetery have no-one to look after their graves and that it is incumbent on Cork County Council, whose responsibility it is, to look after the cemetery properly and to maintain it to a high standard. He said the cemetery had always been beautifully kept in the past. He implored those present to rectify the highly unsatisfactory strimming work that had been recently carried out (saying the cemetery was worse after this than before) and to restore the cemetery to its rightful condition, which should be 'a haven of rest and beauty'. Photographs in support of the deputation were circulated showing the unkempt condition of the cemetery.

All the Members in turn welcomed the Deputation and wholly agreed with the sentiments expressed, saying concerns had been raised previously and offering apologies that it had required a deputation to highlight the issue. Assurances were given by the Members that a programme of works would be introduced immediately to resolve the maintenance issues here. Pauline Moriarty MDO stated that a Contractor had been appointed to carry out the necessary work and advised that whilst this work had commenced, it would take a number of weeks to restore the cemetery to its previous high standard. She undertook to prepare a report for the next meeting of Fermoy MD. The Deputation thanked the Members for their attention and response and left the meeting.

Report:-

It is acknowledged that the condition of Old Kilcrumper is unsatisfactory. As a result and due to the urgent nature of the works, the Council engaged Ned Mullins Landscaper (Fermoy Town Park Contractor) to undertake immediate maintenance of the old cemetery including weed spraying to pathways and grass cutting/strimming in and around plots and green areas. This work commenced in Mid June and a second cut is scheduled to commence Friday 14th July.

This Contractor will continue to maintain the cemetery until it is brought back to an acceptable level, and for the remainder of the current grass cutting season. Thereafter the maintenance of the cemetery will be reviewed and a full maintenance schedule will be put in place to ensure that the Cemetery is maintained to a high standard. It should be noted that it will take a number of weeks to restore the cemetery to its previous high standard. In addition, as raised by Members in the past, the existing stone walkways will also be examined and consideration given to possibility of replacing some of the existing stone pathway nears the entrance to concrete to enhance wheelchair accessibility to the cemetery. This is subject to staff resources and the provision of an appropriate budget.

Regards,

Pauline Moriarty
