16. CLLR. LIAM QUAIDE:

“Bearing in mind that we are anticipating an extremely busy holiday season in tourist towns and particularly in coastal areas in the context of the easing of domestic COVID-19 restrictions and ongoing restrictions on foreign travel that Cork Co. Council would undertake the following:

- 1) Each Municipal District would devise a plan for public realm maintenance, and particularly waste management, that is based on its particular Council staffing levels and local community group activity, and this plan would include engagement with local businesses, particularly those that may contribute to increased waste generation.
- 2) That a plan be published by each Municipal District on the provision of public toilets in busy tourist spots, including beaches, recognising that public convenience is a key requirement of Blue Flag status as well as for protecting public health so that our beaches can operate safely.”
