8. Chun na Ruin so leanas ón gComhairleoir a mheas:/To consider the following Notices of Motion in the name of:

Cllr. Seamus McGrath

1. *"To seek a report from the Planning Directorate on the procedure involved for naming housing estates and in particular sections within individual estates. Is there any safeguard in place to avoid multiple duplicate names within a given area?"*

2. *“To request that a traffic survey, recording both speed and volume, be carried out on the Forest Road along the stretch between the junctions with Kilmoney Road and Bothar Glas.”*
3. *“To ask that the Council would engage with the CSPCA or other suitable experts to put measures in place to support the swans along the Owenabue Estuary for future nesting seasons, particularly to assess if measures can be put in place to encourage nesting at safe and suitable locations.”*

Cllr. Michael Paul Murtagh

1. *That Carrigaline MD seek to have our coastline designated as “Marine Protected Area” to help protect and restore stock numbers and endangered species in our area and that Carrigaline MD seek a similar demand at full council for the entire coast line of County Cork.*
2. *That Carrigaline MD write to Irish water requesting a full report, to establish what exactly caused the water outages in Crosshaven and bays a number of weeks ago, without any prior notice, which effected B&B’s, Restaurants, Pub businesses etc, as well as creating havoc for households.*
3. *That Carrigaline MD create a policy around maintaining greenway routes. With the Council proactively driving a policy of active travel around increased use of greenway routes, it is essential that a written maintenance schedule is in place to control overgrowth of verges, rubbish, and dog fouling.*

Cllr. Marcia D’Alton

1. *“That a ramped pelican crossing would be installed in the vicinity of Victoria Terrace, Glenbrook. At present, there is neither traffic calming nor a pedestrian crossing at this wide stretch of the R610. A ramped, safe crossing would achieve both, providing safety to younger and older residents and slowing vehicular traffic alongside a well-used amenity walk.”*
2. *“That arrangements for car parking opposite Toureen Terrace would be reviewed with a view to providing badly needed additional parking, giving particular consideration to the possible removal of the low stone wall beneath the trees so as to facilitate lined, angled parking bays.”*
3. *“That Cork County Council would update on proposals for slowing traffic on the R610 Strand Road approaching Monkstown village and a timeline for the implementation of same.”*

Cllr. Audrey Buckley

1. *“Can I ask for the areas that are heavily congested during the summer months, for the line/road contractor to redo line marking. Areas like the Point Road, Myrtleville and Crosshaven Village please.”*

2. *“Solar Power Driver Feedback Signs - I am asking that like Newcestown, who applied under the community contract scheme. Can we look at something like this please for the Carrigaline MD area. Specifically coming into Crosshaven Village (where the speed sign was recently twice taken out by vehicles) and up on Forge Hill.”*

Cllr. Jack White

1. *“Developing a theme for business in Carrigaline! With much new investment, design plans and projects under way in Carrigaline, it is a great opportunity to develop a theme for business in the town - e.g. ‘A food destination’, or a ‘Retail Experience’. The development of such themes has been hugely beneficial to other towns & regions.”*
2. *“Promotion of towns within the MD as tourism offerings! The picturesque towns and villages within our MD are ideal candidates for tourism, and specifically to build a tourism offering around annual events such as Culture Night, Crosshaven Traditional Sail & Cork Week, the Great Railway Run & many, more would be a great starting point.”*

Cllr. Ben Dalton O’Sullivan

1. *“That the council would examine the bridge in Coolatooder, Ballinhassig and consider safety improvements there.”*
2. *“That traffic calming would be investigated for the Ballyfeard approach to the Castleheights roundabout on the R611.”*
3. *“That traffic calming measures would be considered for the section of road from the junction of Kilmoney road to the end of Bothar Glás on the Forest Road.”*
