1. Introduction

Cork County Council proposes to build a new Council Yard Depot at Estuary Business Park, Kilnagleary, Carrigaline, Co. Cork.

Proposed development comprises of approximately 0.39 hectares within lands owned by Cork County Council.

1.1 Purpose of this Report

The purpose of this report is to outline the proposals associated with the project Proposed Yard Depot, Kilnagleary, Carrigaline

1.2 Study Area

The study area is located at the east of Carrigaline centre, within Estuary Business Park in Kilnagleary, accessible from R612 Crosshaven road. (See Figure 1)

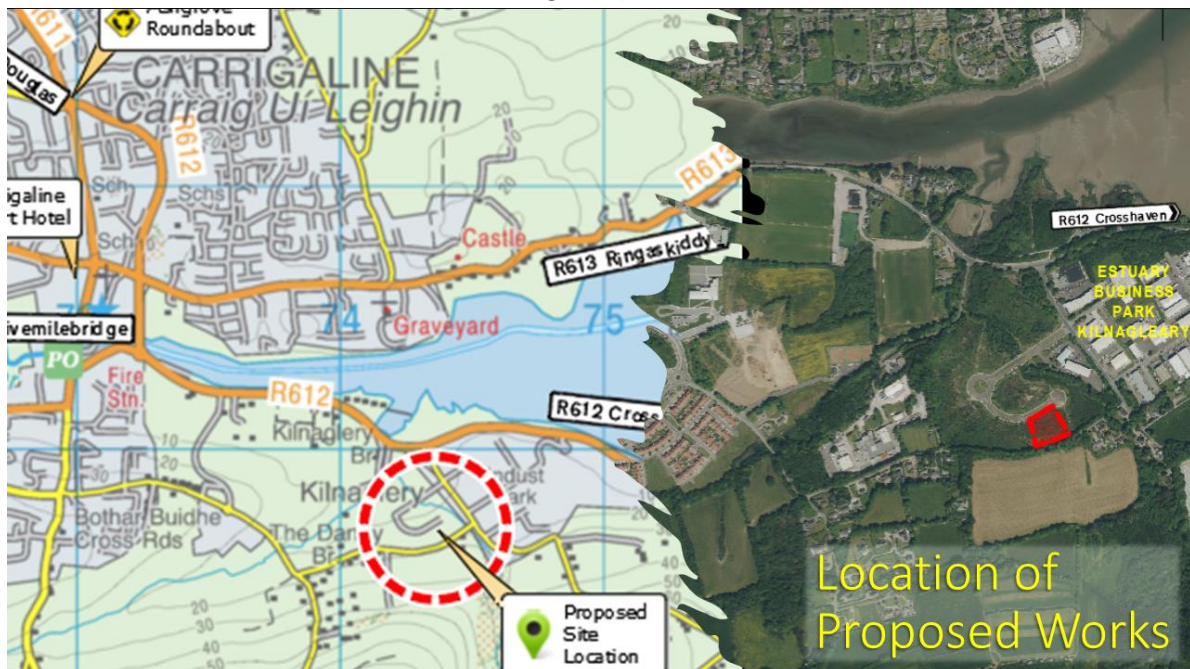

Figure 1 Study Area

1.3 Land requirements

Proposed site is Cork County Council owned.

2. Part 8 Planning Process

Section 179 of Part XI of the Planning and Development Act 2000, (as amended); and Part 8 of the Planning and Development Regulations 2001, (as amended) set out the requirements in respect of certain classes of development by or on behalf of local authorities. Part 8 of the Regulations comprises 7 Articles – 79 to 85. Article 80(1) lists the type of Developments to which Part 8 is required. The proposed road development is covered under the above article.

2.1 Site Notices

In accordance with the Article 81 the Local Authority shall:

- (a) give notice of proposed development in a newspaper;
- (b) erect site notices on the land on which the proposed development would be situated.

Cork County Council Published a notice of the proposals in the **Irish Examiner** on **Friday 9 September 2022**.

Site notice was erected at the location of the study area and will be maintained for the duration of the submission period. A copy of the Advertisement/Site Notice is attached (see 7.1 Appendix A).

2.2 Planning Consultations

Article 82(3) prescribes Statutory and Non-Statutory bodies to which a local authority should send notice of proposed development. These are summarised in the 7.2 Appendix B: Notification of Statutory Consultees.

2.3 Part 8 Planning Documents

The following is the list of Part 8 Planning documents contained in this application:

- Part 8 Planning Report (this document);
- Report for the Screening of Appropriate Assessment & Environmental Impact Assessment Screening Report (see 7.3 Appendix C); and
- Preliminary Design Drawings (as listed below, and see 7.4 Appendix D);

Drawing Number	Drawing Title	Revision

20086/P/003	Proposed Site Plan	P1
6068_4010_A	Proposed Site Layout - Internal Road Levels	A
20086/P/101	Proposed Staff Building	P1
20086/P/004	Proposed Site Sections	P1
6068_4020_A	Proposed Drainage Layout	A
6068_4030_A	Proposed Watermain Layout	A

2.4 Submission Process

Cork County Council is required to make **full plans and particulars** of the proposed development available for inspection. These will be available from **Friday, 9th September 2022** until **Friday, 7th October 2022** online **at the Planning section** on Cork County Council website (www.corkcoco.ie) and also at the following locations:

- County Hall, Carrigrohane Road, Cork, T12 R2NC;
- Carrigaline Municipal District Office, Church Road, Carrigaline, Co Cork, P43 E281.

Alternatively, a hard copy of the documents will be posted on request by emailing part8.rlrdo@corkcoco.ie or by writing to: Senior Engineer, Cork County Council, Regional & Local Roads Design Office, Floor 3, County Library Building, Carrigrohane Road, Cork, T12 K335.

Submissions or Observations can be made:

1. Using an **online submission form** at www.yourcouncil.ie; or
2. By sending an email to part8.rlrdo@corkcoco.ie; or
3. By sending a letter to **Senior Engineer, Cork County Council, Regional & Local Roads Design Office, Floor 3, County Library Building, Carrigrohane Road, Cork, T12 K335**.

All emails and letters must reach the Senior Engineer **on or before 4pm on Friday, 21st October 2022**.

All submissions must include a contact name and address. Submissions made as part of the process are to be accessible at the request.

Any submissions or observations received by the Council are considered in the Part 8 Chief Executive's Report which is prepared and presented to the Councillors for adoption. The Chief Executive's Report lists those who made a submission together with the summary of their points made in the respective submission. The Report addresses each point and forms the local authority's response.

Arising from consideration of the representations, the Chief Executive's Report sets out whether or not it is proposed to proceed as originally planned or to proceed with a modified proposal. It is then a matter for the members of the Council (i.e. the Councillors) to grant or refuse planning.

3. Nature and Extent of Proposed Development

3.1 Project Context and Existing Conditions

The study area is located at the east of Carrigaline centre, within Estuary Business Park in Kilnagleary, accessible from R612 Crosshaven road.

The site is located on the south-western end of the existing business park, behind Carrigaline Primary Care Centre at the end of the cul-de-sac. There is a very good network of access roads in the area. Starting at the junction of R612 Crosshaven road, the main spine access road subdivides the Business Park into eastern and western sides. The subject site is located at the end of the western main branch right beside the Care Centre. There are existing pedestrian facilities as well as bus stops in the area.

Figure 2 Current site conditions

3.2 Project Objectives

The purpose of this project is to construct the Yard Depot for the provision of services for the Carrigaline Municipal District area.

3.3 Project Specific Proposals

The proposed overall road improvement works will consist of the following:

- Alterations to existing entrance.
- Installation of paladin fence along site perimeter.
- Removal of topsoil and earthworks comprising of levelling/planning of an existing site.
- Building concrete yard, storage bays, access road and footpath.
- Erecting Canteen/Welfare facilities for staff and container storage.
- Installation of new road markings and signage.
- Connection to the existing utilities networks.
- Construction of a new foul drainage within the site boundary and connection to the existing foul network.
- Construction of a new storm drainage including petrol interceptor and silt controls within the site boundary and connection to the existing storm network.
- Biodiversity enhancement measures including:
 - Retention and/or improvement of any existing habitats.
 - Native tree and shrub planting.
 - Pollinator friendly grassland management.
- All ancillary works required to deliver the proposed upgrade works.

The works will be carried out on the land owned by Cork County Council.

4. Planning and Policy Context

4.1 Planning Policy Compliance

The study area is situated east of Carrigaline Town centre, and south of R612 regional road between Carrigaline and Crosshaven. The proposed site is located within the existing Estuary Business Park. The development site falls outside of the flood zones extents, has adequate access to existing road network, has adequate access to existing foul & storm sewer networks and is deemed suitable for the proposed use. The development will comply with commitments to *biodiversity net gain*.

4.2 Cork County Council Development Plan (CDP)

Cork County Development Plan 2022-2028 identifies the subject Land Use Zoning as Business and General Employment (CL-B-01) with the following objective:

- *“Business development suitable for small to medium sized industrial units and office-based industry and provision for appropriate landscaping along the northern boundary and western boundary to residential areas.”*

County Development Plan includes the new biodiversity policies as well. In particular, policy *BE 15-5* which relates to *“biodiversity commitments on council owned and managed land and property”*.

5. Environmental Assessment of the Scheme

5.1 Screening for Appropriate Assessment (Habitats Directive)

The Screening exercise was completed by Cork County Council Ecologist in compliance with the relevant European Commission and national guidelines. The potential impacts during the construction

and operation of the proposed Depot have been considered in the context of the European Sites potentially affected, their qualifying interests, Special Conservation Interests and Conservation Objectives.

Proposed site is located only 363m from the Cork Harbour Special Protection Area (SPA) code 004030. Appropriate Assessment Screening Report and Determination can be found in 7.3 Appendix C of this report.

In accordance with Section 177U of the Planning and Development Act 2000 (as amended) and on the basis of the objective information provided in AA Screening Report, it is concluded beyond reasonable scientific doubt that the proposed road improvement works, individually or in combination with other plans/projects are not likely to have a significant effect on a European site (Natura 2000 site). It is therefore considered that a Stage 2 Appropriate Assessment under Section 177V of the Planning and Development Act 2000 (as amended), is not required.

As per Article 81 of the Planning and Development Regulations 2001 (as amended) an Environmental Impact Assessment (EIA) screening determination has been made and a determination has been made that an EIA Report is not required. In accordance with Article 120 (3), as amended by S.I. No. 296 of 2018, a person may, within 4 weeks from the date of this notice (on or before **Friday, 7th October 2022**), apply to An Bord Pleanála for a screening determination as to whether the development would be likely to have significant effects on the environment. Such a submission should be addressed to the Secretary, An Bord Pleanála, 64, Marlborough Street, Dublin, 1.

6. Conclusion

The proposals which are the subject of this Part 8 Planning process provide a unique opportunity to deliver a project that will contribute to improve services for the Carrigaline Municipal District area. The land acquisition is not required for this project.

The proposed works are consistent with proper planning and sustainable development of the area and comply with the commitment of biodiversity net gain.
