Re: Proposed Pedestrian and Cycle Bridge at Little Island

Dear Mr, Ó Súilleabháin,

Thank you for your email of 21st April 2023.

Further to correspondence (ref: 3rd/OW/131) of 25th November 2020, I confirm Iarnród Éireann (IÉ) continues to support your project to connect Little Island Station and the proposed Bury's Bridge to Carrigtwohill Greenway to the Eastgate Business Park.

I note you will, post planning approval, engage with IÉ in terms of the detailed design and approvals/consents required from IÉ.

Yours Sincerely,

Dear Ciaran,

Re: Little Island Pedestrian and Cycle Bridge

I refer to the Cork County Council's proposed planning application for the construction of a pedestrian and cycle bridge from the train station to the Business Park at Eastgate, Little Island.

We believe this will be of immense benefit to the Park and the occupants and will ensure the Park is more connected to public transport and ensures employees have better options to travel to work using the public transport network.

Regards,

A handwritten signature in blue ink, appearing to read "Michael Kelleher", written over a horizontal line.
