5<sup>th</sup> October 2023

REF: D/283/23  
LOCATION: Glenawilling, Ballymacoda, Co. Cork, P25 A780.

**RE: DECLARATION OF EXEMPTED DEVELOPMENT UNDER SECTION 5 OF THE  
PLANNING & DEVELOPMENT ACT 2000 - 2010.**

Dear Sir & Madam,

On the basis of the information submitted by you on 22<sup>nd</sup> September 2023 the Planning Authority, having considered the question whether or not the construction of a domestic rear extension to the existing dwelling at **Glenawilling, Ballymacoda, Co. Cork** is or is not development and is or is not exempted development has declared that it **is development and is not exempted development**.

**Reason for Decision**

The Planning Authority in considering this referral had particular regard to:

- Sections 2(1), 3(1) and 4(4) of the Planning and Development Act, 2000 (as amended),
- Class 1 of Part 1 of Schedule 2 of the Planning and Development Regulations 2001 (as amended),
- Article 6 of the Planning and Development Regulations 2001 (as amended), and
- The particulars received by the Planning Authority on 22<sup>nd</sup> September 2023

**And Whereas Cork County Council has concluded that –**

The construction of a domestic rear extension to the existing dwelling at **Glenawilling, Ballymacoda, Co. Cork** constitutes development that is **not exempted development** on the basis that the south facing wall of the proposed extension will rise to 4.6 metres in height, thereby exceeding the 2.775 metre height of the existing rear wall of the house which does not include a gable, thereby contravening condition 4 (a) of Class 1 of Part 1 of Schedule 2 of the Planning and Development Regulations 2001 (as amended).

**Please note that under Section 5 Subsection 3(a) where a declaration is issued under this section, any person issued with a declaration under subsection 2(a) may, on payment to the Board of**

such fee as may be prescribed, refer a declaration for review by the Board within 4 weeks of the date of the issuing of the declaration.

Yours faithfully,

  
**KEVIN O' REGAN,  
SENIOR EXECUTIVE OFFICER,  
PLANNING DEPARTMENT.**

## Application for Declaration under Section 5 Planner's Report

<b>Application Ref. No.:</b>	D/283/23
<b>Report From:</b>	Peter O'Connor (AP)
<b>Report To:</b>	Noel Sheridan (SEP)
<b>Question/Description to which Declaration relates:</b>	It is proposed to extend the existing house to the rear, by less than 40.sq.m. floor area. Are these works, for the proposed rear extension (as indicated in the attached drawings) considered to be exempt from requiring a planning permission application.
<b>Location:</b>	Glenawilling, Ballymacoda, Co. Cork (P25 A780)
<b>Applicant:</b>	Frances and Michael Millerick
<b>Date Submitted:</b>	22/09/2023

### 1. Introduction

This report relates to an application which has been made under Section 5(4) of the *Planning and Development Act 2000* (as amended) relating to a dwelling located at Glenawilling, Ballymacoda, Co. Cork (P25 A780). The Applicants are seeking a declaration from the Planning Authority as to whether the specific proposal is or is not development and/or is or is not exempted development.

### 2. Question

The question which has been presented to the Planning Authority within the submitted application form is as follows:

*It is proposed to Extend the Existing house to the rear, by less than 40.sq.m. Floor Area. Are these Works, for the proposed Rear Extension (as indicated in the attached drawings) considered to be exempt from requiring a Planning Permission Application.*

The application is supported by a comprehensive set of drawings which illustrate the full scope of the works which are the focus of the foregoing question.

### 3. Site Location and Description

The subject site is located in the townland of Glenawilling approximately 3.3 kms south east of Ballymacoda as illustrated within Figure 1 below. The site is located in a rural location close to the shore line and accessed via a private roadway that serves a number of other properties and which connects to the L-3816 (via the L-38166) approximately 1 km to the north.

The site, as defined in the submitted site layout plan, consists of an existing dwelling and a range of outbuildings which extend eastwards from the northern gable of the dwelling. The front of the dwelling is set out as a small courtyard defined by the aforementioned outbuildings to the north, another separate outbuilding to the south (which is within the ownership of the Applicants but is outside of the defined site boundary) and a rendered wall of unknown

material composition. Much of this existing complex of buildings appears to be present on both the first and second edition OS maps, indicating that some or all of the existing built fabric of the structures may date to at least the first half of the 19<sup>th</sup> Century (see Figure 2 and 3, below).

Figure 1: Location of the Subject Site (in red) Relative to Ballymacoda

Figure 2: Subject Site as Illustrated on the First Edition OS Map

Figure 3: Subject Site as Illustrated on the Second Edition OS Map

Irrespective of its potential age, the existing dwelling is not a protected structure and has not been entered onto the NIAH. It is evident that the existing structure has been the subject of periodic upgrade and maintenance, including relatively recent works to gutters.

Figure 4: Front Elevation of the Existing Dwelling within its Courtyard Setting

Figure 5: Southern Gable, Side and Rear of the Existing Dwelling

Figure 6: Rear Elevation of the Existing Dwelling

#### 4. Planning History

There is no planning or enforcement history relating to the subject site.

#### 5. Planning Policy Framework

The site occurs within a rural area and is not subject to any formal land use zoning designation under the provisions of the *Cork County Development Plan 2022*.

#### 6. Legislative Framework

Planning and Development Act 2000 (as amended)

Section 2(1) of the *Planning and Development Act 2000* (as amended) states:

*In this Act, except where the context otherwise requires –*

*“works” includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure or proposed protected structure, includes any act or operation involving the application or removal of plaster, paint, wallpaper, tiles or other material to or from the surfaces of the interior or exterior of a structure.*

Section 3 (1) of the *Planning and Development Act 2000* (as amended) states:

*In this Act, “development” means, except where the context otherwise requires, the carrying out of any works on, in, over or under land or the making of any material change in the use of any structures or other land.*

Section 4 (4) of the *Planning and Development Act 2000* (as amended) states:

*Notwithstanding paragraphs (a), (i), (ia) and (l) of subsection (1) and any regulations under subsection (2), development shall not be exempted development if an environmental impact assessment or an appropriate assessment of the development is required.*

Planning and Development Regulations 2001 (as amended)

Article 6 (1) of the *Planning and Development Regulations 2001* (as amended) states:

*Subject to article 9, development of a class specified in column 1 of Part 1 of Schedule 2 shall be exempted development for the purposes of the Act, provided that such development complies with the conditions and limitations specified in column 2 of the said Part 1 opposite the mention of that class in the said column 1.*

Having regard to the specific proposal for which the declaration has been sought, Class 1 of Part 1 of Schedule 2 to of the *Regulations* is relevant, stating that:

*The extension of a house, by the construction or erection of an extension (including a conservatory) to the rear of the house or by the conversion for use as part of the house of any garage, store, shed or other similar structure attached to the rear or to the side of the house.*

The foregoing exemption is accompanied by the following conditions and limitations:

1.
  - (a) *Where the house has not been extended previously, the floor area of any such extension shall not exceed 40 square metres.*
  - (b) *Subject to paragraph (a), where the house is terraced or semi-detached, the floor area of any extension above ground level shall not exceed 12 square metres.*
  - (c) *Subject to paragraph (a), where the house is detached, the floor area of any extension above ground level shall not exceed 20 square metres.*
2.
  - (a) *Where the house has been extended previously, the floor area of any such extension, taken together with the floor area of any previous extension or extensions constructed or erected after 1 October 1964, including those for which planning permission has been obtained, shall not exceed 40 square metres.*
  - (b) *Subject to paragraph (a), where the house is terraced or semi-detached and has been extended previously, the floor area of any extension above ground level taken together with the floor area of any previous extension or extensions above ground level constructed or erected after 1 October 1964, including those for which planning permission has been obtained, shall not exceed 12 square metres.*
  - (c) *Subject to paragraph (a), where the house is detached and has been extended previously, the floor area of any extension above ground level, taken together with the floor area of any previous extension or extensions above ground level constructed or erected after 1 October 1964, including those for which planning permission has been obtained, shall not exceed 20 square metres.*
3. *Any above ground floor extension shall be a distance of not less than 2 metres from any party boundary.*
4.
  - (a) *Where the rear wall of the house does not include a gable, the height of the walls of any such extension shall not exceed the height of the rear wall of the house.*
  - (b) *Where the rear wall of the house includes a gable, the height of the walls of any such extension shall not exceed the height of the side walls of the house.*
  - (c) *The height of the highest part of the roof of any such extension shall not exceed, in the case of a flat roofed extension, the height of the eaves or parapet, as may be appropriate, or, in any other case, shall not exceed the height of the highest part of the roof of the dwelling.*
5. *The construction or erection of any such extension to the rear of the house shall not reduce the area of private open space, reserved exclusively for the use of the occupants of the house, to the rear of the house to less than 25 square metres.*
6.
  - (a) *Any window proposed at ground level in any such extension shall not be less than 1 metre from the boundary it faces.*

- (b) Any window proposed above ground level in any such extension shall not be less than 11 metres from the boundary it faces.
- (c) Where the house is detached and the floor area of the extension above ground level exceeds 12 square metres, any window proposed at above ground level shall not be less than 11 metres from the boundary it faces.

7. The roof of any extension shall not be used as a balcony or roof garden.

## 7. Assessment

### Is or is Not Development

As noted above, the presented proposal involves the erection of an extension onto the rear of the existing dwelling and is consistent with the definition of works as provided by Section 2(1) of the Act. Section 3(1) of the Act confirms that works is a form of development for the purposes of the Act. Therefore, I am satisfied that the proposal, as currently presented, represents development in terms of the Act.

### Is or is not Exempted Development

As noted above, Class 1 of Part 1 of Schedule 2 provides that the erection of an extension onto the rear of house can be undertaken as exempted development provided it is compliant with the various conditions and limitations which accompany Class 1. Having regard to these various conditions and limitations, the following is noted:

- The proposed extension is of single storey form and extends to a total of 39.8 sq m;
- Having inspected the site and reviewed its planning history, it is accepted that the existing dwelling has not previously been extended;
- None of the proposed windows will be less than one metre from the boundary which they will face; and
- The design of the roof of the proposed extension, as presented, is not capable of being used as a balcony or roof garden.

Therefore, the proposed development would comply with condition/limitation numbers 1, 3, 6 and 7 while condition/limitation 2 is not applicable (on the basis that the existing dwelling has not been previously extended).

Notwithstanding the foregoing, however, it is noted that the south facing wall of the proposed extension will rise to 4.6 metres in height, thereby exceeding the 2.775 metre height of the existing rear wall of the house which does not include a gable. As such, the proposed extension would be contrary to the condition 4 (a) of Class 1, as illustrated within Figure 7, below.

Furthermore, the submitted drawings do not quantify the area of private amenity space which will remain to the rear of the dwelling following the completion of the proposed extension. While this matter may be clarified by way of a request for further information, the fact remains that the proposed extension, as presented, does not comply with all of the relevant conditions and limitations of Class 1 and, therefore, cannot benefit from the exemption so provided.

Figure 7: Extract from the Submitted 'Proposed Elevations' Drawing Illustrating the Heights of the Rear Wall of the Existing Dwelling and the Southern Wall of the Proposed Extension

## 8. Conclusion and Recommendation

Having regard to the foregoing, it is considered that the proposal to:

*...Extend the Existing house to the rear, by less than 40.sq.m. Floor Area.*

Is development and is not exempted development on the basis that the south facing wall of the proposed extension will rise to 4.6 metres in height, thereby exceeding the 2.775 metre height of the existing rear wall of the house which does not include a gable, thereby contravening condition 4 (a) of Class 1 of Part 1 of Schedule 2 of the *Planning and Development Regulations 2001* (as amended).

**3. QUESTION/DECLARATION DETAILS:**

Please state the specific question for which a Declaration of Exemption is sought

Note: Only works listed and described under this section will be assessed under the Section 5 Declaration of Exemption

It is proposed to Extend the Existing House to the rear, by less than 40.sq.m. Floor Area. Are these Works, for the proposed Rear Extension (as indicated in the attached drawings) considered exempt from requiring a Planning Permission Application?

Planning Department  
22 SEP 2023  
Cork County Council  
County Hall  
Cork

**4. APPLICATION DETAILS:**

Answer the following if applicable. Note: Floor areas are measured from the inside of the external walls and should be indicated in square metres (m<sup>2</sup>)

(a) Floor area of existing/proposed structure(s):	Existing Floor Area = 61.0 sq.m. Proposed New Extension Floor Area = 39.8 sq.m.
(b) If a domestic extension is proposed, have any previous extensions/structures been erected at this location after 1 <sup>st</sup> October, 1964 (including those for which planning permission has been obtained):	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> If yes, please provide floor areas (m <sup>2</sup> ) and previous planning reference(s) where applicable:
(c) If a change of use of land and/or building(s) is proposed, please state the following:  Existing/previous use Dwelling House	Proposed use Dwelling House  
(d) Are you aware of any enforcement proceedings connected to this site?	Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> If yes, please state relevant reference number(s):

**5. LEGAL INTEREST OF APPLICANT IN THE LAND/STRUCTURE:**

Please tick appropriate box to show applicant's legal interest in the land or structure:	A. Owner <input checked="" type="checkbox"/>	B. Other <input type="checkbox"/>
Where legal interest is "Other", please state your interest in the land/structure:		
If you are not the legal owner, please state the name of the owner/s (address to be supplied at Question C in Contact Details):		

**6. PROTECTED STRUCTURE DETAILS / ARCHITECTURAL CONSERVATION AREA:**

Is this a Protected Structure/Proposed Protected Structure or within the curtilage of a Protected Structure: Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
If yes, has a Declaration under Section 57 of the Planning & Development Act 2000 been requested or issued for the property by the Planning Authority: Yes <input type="checkbox"/> No <input type="checkbox"/>
If yes, please state relevant reference No. _____
Is this site located within an Architectural Conservation Area (ACA), as designated in the County Development Plan? Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>

**7. APPROPRIATE ASSESSMENT:**

Would the proposed development require an appropriate assessment because it would be likely to have a significant effect on the integrity of a European site (SAC, SPA etc)? Yes  No
